

Welcome to CPERI's web page!

The Chemical Process Engineering Research Institute (CPERI) was founded in 1985 in the suburb of Thessaloniki, Greece.

From 1987 to March 2000, CPERI was part of the Foundation for Research and Technology-Hellas (FORTH). In March 2000, CPERI became a founding member of a new research center, the Centre for Research and Technology-Hellas (CERTH), established in Thessaloniki. CERTH is supervised by the General Secretariat of Research and Technology (GSRT) of the Greek Ministry of National Education and Religious Affairs.

We, the people of CPERI are committed to maintain and expand CPERI's path of scientific excellence and innovation, as well as offer competitive research services to the international industry.

Contact us to find out how CPERI can be of value to your organization!

Emmanuel Kakaras, PhD
Director of CPERI
