

SCIENTIFIC SEMINARS

Academic Period 2006-2007

M. KARAKASSIDES

, Ass. Prof. Dpt. of Materials Science and Engineering, University of Ioannina

Bioglasses and carbon based hybrid materials.

Friday, 9/3/2007

E. BEKIARIS , Dr. Mech. Engineer of the National Technical University of Athens, Research Director

Microsleep: The most dangerous companion [Abstract...](#)

Friday, 30/3/2007, 12:00, HALL "AIOLOS", CE.R.T.H.

G. THEODORIDES , Prof. of Chemistry, Aristotle University of Thessaloniki.

Holistic Analysis: Technological Approaches, Limitations, Perspectives.

Friday, 27/4/2007, 12:00, HALL "AIOLOS", CE.R.T.H.

[P. MISAEUIDES](#) , Prof. of Chemistry, Aristotle University of Thessaloniki.

Application of ion beam analysis techniques to the [Abstract](#) characterization and study of near-surface layers of r

Friday, 11/5/2007, 12:00, HALL "AIOLOS", CE.R.T.H.

[K. GIANNAKOPOULOS](#) , Researcher, NCSR Demokritos.

New materials of nanoelectronics

[Abstract...](#)

Friday, 25/5/2007, 12:00, HALL "AIOLOS", CE.R.T.H.

[A. DELIMITIS](#) , Collaborating Researcher, CPERI

Applications of high resolution [Abstract](#) transmission electron microscopy in the study of materials properties.

Friday, 22/6/2007, 14:00, HALL "AIOLOS", CE.R.T.H.

E. IGLESIA, Prof. of Chemical Engineering, University of California at Berkeley.

Structure and Catalytic [Function](#) of Oxide Nanostructures.

Friday, 6/7/2007, 11:00, HALL "AIOLOS", CE.R.T.H.

[A. JENTYS](#) , Chair of Technical Chemistry, Department of Chemistry, Institute for Chemical Te

Infrared Spectroscopy for [Characterizing](#) Zeolites.

Wednesday, 18/7/2007, 10:00, HALL "AIOLOS", CE.R.T.H.

D, THE LECTURES WILL BE HELD AT THE HALL "AIOLOS"

RESEARCH AND TECHNOLOGY HELLAS - CERTH AT 13:00 A.M.
