

The Info-day titled “**Hydrogen Technology and Fuel Cells: Investment prospects in an emerging market**” will be held on Tuesday 12 March 2013, at 9.30 a.m., at the "Vergina" Auditorium of CERTH, within the framework of the project **Hydrogen Economy Cooperation Network for Research - Public Awareness - Business Opportunities across Greek-Bulgarian borders – HYDECON** under the "European Territorial Cooperation" Operational Programme Greece - Bulgaria 2007-2013.

The info-day includes:

- a short presentation of the HYDECON project
- 4 presentations based on the study “Hydrogen Technology related Business opportunities in the regions of Greece and Bulgaria” which was conducted on behalf of the HYDECON project
- a presentation, by the manufacturing company, of the design and the assembly of the H2 fuel Cell Scooter within the framework of the HYDECON project
- a guided visit of all participants at the “Photovoltaic Hydrogen production Unit” which was installed in CERTH for the needs of the HYDECON project

All businesses, professionals, researchers and students, with interest in the area of H2 technologies are invited to participate in the Info day.

Attached are the [Invitation](#) , the [Program](#) and the [Participation Form](#) .

Lori Nalbandian
Coordinator of the HYDECON project
