

The Scientific Workshop titled "Hydrogen Research at the Greek-Bulgarian border region" will be held on Wednesday 17 October 2012, at the "Vergina" Auditorium of CERTH, within the framework of the project "Hydrogen Economy Cooperation Network for Research - Public Awareness - Business Opportunities across Greek-Bulgarian borders – HYDECON" under the "European Territorial Cooperation" Operational Programme Greece - Bulgaria 2007-2013.

The workshop includes:

- scientific presentations from 7 research groups of CPERI – CERTH, in the area of H2 technologies- scientific presentations from the Bulgarian Partners of the project
- a lecture from the Director of the ELFON company, which designed and manufactured the H2 fuel Cell Scooter of the Municipality of Thermi
- oral presentations from the Greek students that participated in the "ZERO EMISSION RACING" and the "ECO ENERGY 21st CENTURY" student contests.

All students and researchers active in the area of H2 technologies and related areas are invited to participate in the Workshop.

Attached are the detailed Scientific Program and the Participation Form.

Lori Nalbandian

Chair of the HYDECON Workshop
